

Diamante luce

with LED lights to set and hang.

These mouth-blown products created in the Glasi Hergiswil, have a decorative LED light, creating a cozy atmosphere. The glass has a refined look, which is due to the white LED lights shining through the glass.

Thanks to an integrated timer, the LED lights will light up for 6 hours, automatically turn off and switch back on after 18 hours of uninterrupted usage.

Requires 3 AA batteries (not included).
Each package comes with a spiral spring.
