

Aperitif tumbler and Long Drink

The cylindrical beakers with the typical Glasi glass structure have a square "ice-cube" base. Place them in the ice box before use - the thick base will keep your drink cool.

Production method:
mouth-blown into the mould. Flamed smooth rim.

Care recommendations (print version)

Nr.	Bezeichnung	Masse	Preis
366.1	Aperitif tumbler	Ø 78 x 96 mm	24.00 CHF
366.2	Aperitif Long Drink	Ø 63 x 150 mm	24.00 CHF
