

# Bubbles

Small spheres which float on water. They look like bubbles and you are not sure whether they are made of glass or water. Each of 12 pieces in three different diameters per bag. Pretty wonderful in large bowls in combination with the Floating Flowers (Art. 855.1) and the Float (Art. 854.1).

Production method:

Glass tubes and glass rods blown and shaped at the burner- so-called "lamp technique".
