

## Rabbit Flecki

Chocolate melts at 30° Celsius. Glass begins to liquefy at 550° ... so it's a fair bet that this glass rabbit will survive even the sweetest tooth!

Production method:  
Hand poured into the mould.

Care recommendations (print version)

Nr.	Bezeichnung	Masse	Preis
705	Rabbit Flecki	74 x 54 x 86 mm	36.00 CHF
