

Snow ball light

The interior appears to be snow - but is wafer-thin fused glass. Each snow ball light is mouth blown with different amounts of "snow" inside. Just like in winter - sometimes it snows more, sometimes less. Each piece is unique.

Care recommendations (print version)

Nr.	Bezeichnung	Masse	Preis
519	Snow ball light	Ø 90 mm	CHF 29.00
819.KSB	Tea lights - small (10 pieces)	Ø 39 x 17 mm	CHF 12.00
