

Magic ball

See the world through a magic crystal ball: it is upside down! Soothsayers and fortune-tellers use them to see into the future. Balls are also magnifying glasses. Caution: Do not place in the sun - fire hazard!

Our balls are made freely by hand and have no beginning and no end. We finish them with a clear finish or wild air bubbles, which arise almost magically through craftsmanship.

Care recommendations (print version)

Nr.	Bezeichnung	Masse	Preis
757.1	Magic ball	Ø 65 mm	55.00 CHF
